

KNÜRR ELICON® VC / VC-E

51 to 62

MODULAR WORKSTATION SYSTEM

Whether for video surveillance, security dispatching or engineering workstations – our comprehensive product range offers optimal **solutions for a customized, ergonomic and efficient workstation.**

The **modular design** enables a wide variety of configurations and guarantees the highest degrees of flexibility. Combinations of tables can be retrofitted or modified at any time and without considerable effort.

High quality materials with extruded aluminum profiles in combination with die-cast aluminum stabilizers ensure a **maximum degree of stability and sturdiness.**

Ergonomic details simplify daily work in various situations and environments.

A **comprehensive range of accessories** completes the Knürr Elicon workstation system: flat screen holders, PC and 19-inch rack containers, workstation lighting, usable storage trays, cable routing ducts and other extras.

Knürr Elicon® VC-E

Electrical height adjustable Sit-Stand Workstation

Intelligent cable routing

Covered vertical cable routing in the side section, accessible from the inside and outside

High quality tabletops

with depths of 800 mm and 900 mm, linear or curved variants

Modular console system

Frame widths from 1200 mm to 2000 mm

In compliance with standards

Certified usability and ergonomics based on DIN 33419 / EN ISO 15537 and DIN EN 527-1.

Maximum stability

Extruded aluminium profile with steel bracket for maximum stability.

Standard colors:

A RAL 7035
Light gray

B Nelson Oak
wood grain

Modern design and color scheme

Base frame in RAL 9006 white aluminium, tabletop either in RAL 7035 light gray or Nelson Oak wood grain

Simple screen integration

High degree of flexibility thanks to adjustable jointed screen arms

Comfortable height adjustment

Electric height adjustment from 650 to 1250 mm

Flat packaging

for reduced transport volume

Large KVM-ready technology module

with up to 3x3U 19" installation for simple and reliable installation of KVMs, socket strips, switches, etc.

Sturdy rear panel

to ensure optimal lateral stability and function as a privacy screen

Knürr Elicon® VC

Height adjustable (VC), in combination with electric height adjustment (VC-E)

Knürr Elicon VC-E Module
(Linear)

Knürr Elicon VC Module
(Linear and 90° corner)

Simple chain-linking
of electrically adjustable (VC-E) and height selectable (VC) consoles

Standard colors:

A RAL7035
Light gray

B Nelson Oak
wood grain

Height adjustable
in 20 mm increments from
640 to 760 mm

Future-proof modular design

Expand your existing table combinations, modify your current installation or supplement it with new accessories. The modular design and multi-functional T-grooves give you all the options for future upgrades.

Easy assembly

Quick and easy to assemble on site

Intelligent cable routing

Covered vertical cable routing in the side section, accessible from the inside and outside

Optional rear panels

for VC consoles guarantee a uniform design

Roomy cable troughs

Full accessibility, including optional privacy protection using front covers and plug-in rear panel

High quality energy chain

for safe and convenient routing from the VC-E side section to the cable trough

Knürr Elicon® VC-E Side Sections Electric height adjustment

- Height adjustment range: 650 mm to 1250 mm
- Only usable in combination with Elicon VC-E Working Surfaces
- **Material / Finish**
 - Extruded aluminium profile with steel bracket and head piece
 - Steel panel covers, powder-coated
- **Color**
 - RAL9006 White aluminium
- **Supply schedule**
 - Left-hand and right-hand variants: 1 side section with lifting column, lifting column and cable duct covers
 - Center variant: 1 side section with 2 lifting columns, lifting column and cable duct covers
- **How supplied**
 - Completely preassembled

Knürr Elicon® VC-E Working Surfaces Curved

- Single table
- Height adjustment range: 650 mm to 1250 mm
- Only usable in combination with Elicon VC-E Side Sections
- **Loading capacity**
 - 1200 N (static surface load)
- **Material / Finish**
 - Tabletop: Three-layer particle board FP/Y E1 variant, fire protection class B2
 - Tabletop cover: High pressure plastic laminate (HPL)
 - Edging: ABS
 - Stabilizer, cable trough and rear panel Steel panel, powder-coated
- **Color combination**
 - Tabletop:
 - .A RAL7035 Light gray or
 - .B Nelson Oak wood grain
 - Edging: Black gray
 - Sheet metal parts: RAL9006 White aluminium
- **Supply schedule**
 - 1 working surface with KVM technology module and 19" profiles
 - 1 control unit for electrical height adjustment
 - 1 energy chain
 - 1 rear panel, bottom
- **How supplied**
 - Preassembled, flat packaging

Monitor Mounts - Functional Rails

Flat screen monitors are the main interface in today's control rooms between operator and system. According to ergonomic principles, monitors should always be easily adjustable towards the user and allow for quick change in order to reduce maintenance time to a minimum.

Dacobas Advanced Control Room Consoles can be equipped with the following monitor mounts while keeping all flexibility:

• Functional Rail on Dacobas Profile Extensions

- Large range of accessories like monitor arms, lighting, and much more make the Functional Rail a versatile platform. Mounts between two vertical profiles and a perforated rear panel.

• Functional Rail Add on Monitor Level

- Besides the various options of the standard Functional Rail, this version also offers an electric height adjustment in option. This allows a better view on videowalls behind the console.

- For additional information see also our catalogue "Ergonomic Flat Screen Supports".

• Surface

- RAL 9006 White aluminum
